NC-EST2024-ALLDATA: Monthly Population Estimates by Age, Sex, Race, and Hispanic Origin for the United States: April 1, 2020 to July 1, 2024 (With short-term projections to December 2025)

File: 7/1/2024 National Population Estimates

Source: U.S. Census Bureau, Population Division
Release date: June 2025

The monthly national population estimates data files have an identical layout across all universes.

Sort order of observations: YEAR, MONTH and AGE

Data fields (in order of appearance):

| VARIABLE | DESCRIPTION |
|---|---|
| UNIVERSE | Population Universe |
| MONTH | Month |
| YEAR | Year |
| AGE | Age |
| TOT_POP | Total population |

X = Not Applicable

The key for UNIVERSE is as follows:

R = Resident population
P = Resident population plus Armed Forces overseas
H = Household population
C = Civilian population
N = Civilian noninstitutionalized population

The key for MONTH is as follows:

1 = January
2 = February
3 = March
4 = April
4.2 = April 1, 2020 estimates base
5 = May
6 = June
7 = July

8 = August
9 = September
10 = October
11 = November
12 = December

AGE is single-year of age (0, 1, 2, ...99, 100+) and 999 is used to indicate total population.

Notes: The Census Bureau has reviewed this data product to ensure appropriate access, use, and disclosure avoidance protection of the confidential source data used to produce this product (Data Management System (DMS) number: P-6000042 and P-7501659. Disclosure Review Board (DRB) approval number: CBDRB-FY25-0078).

The estimates are developed from a base that integrates the 2020 Census, Vintage 2020 estimates, and 2020 Demographic Analysis estimates. The estimates add births to, subtract deaths from, and add net migration to the April 1, 2020 estimates base. Race data in the Vintage 2024 estimates are based on the 1997 Office of Management and Budget Standards for Maintaining, Collecting, and Presenting Federal Data on Race and Ethnicity, and they do not currently reflect the results of the 2020 Census. For population estimates methodology statements, see https://www.census.gov/programs-surveys/popest/technical-documentation/methodology.html.

"In combination" means in combination with one or more other races. The sum of the five race groups adds to more than the total population because individuals may report more than one race. Hispanic origin is considered an ethnicity, not a race. Hispanics may be of any race. Responses of “Some Other Race” from the decennial census are modified to be consistent with the race categories that appear in our input data. This contributes to differences between the population for specific race categories shown and those published from the 2020 Census. To learn more about the “Modified Race” process, go to https://www.census.gov/programs-surveys/popest/technical-documentation/research/modified-race-data.html. The Vintage 2024 estimates incorporate data from the 2010 Modified Race files released in April 2010.
